### **1.0 Introduction**

e-District 2.0 portal has been envisaged by the Government of West Bengal to provide advanced automated workflow solution for District Administration to improve upon the existing standards for providing services to the citizens. This project harbors the dream to earn the reputation of being paramount importance to help the State to establish higher acceptance standards for electronic workflow system for the district administration as well as various departments for processing the applications submitted either by citizens themselves or through Kiosk Centers/BSKs, which are the primary front-end channels as envisaged in the project.

### 1.1 Accessing eDistrict 2.0

eDistrict 2.0 portal is a web-based application. The application has support for all the popular web browsers like Chrome, Edge and Mozilla. It can be accessed by typing the URL identifier on any of the above-mentioned browsers.

URL: http://10.10.98.51/portal

The following screen opens up.

# 1.2 User Navigation flow

The home page can be divided into two distinct sections. The Header and Body. The Header section contains a few common features which are a part of the standard design and may be used by the users as per their convenience. The common features have distinct icons, and the usage is mentioned below.:

Icon / Link	Usage
() () () () () () () () () () () () () (	The Night mode icon palette provided icons to select the preference for viewing the portal in the dark mode or in the normal mode.
A- A A+	Size icons are provided to aid the users select the font size in accordance with the individual reading preferences.

Search	The Search Option is provided to the user so that they can search for a desired service/scheme from within the portal
٥	The Picture Gallery icon, can be used to view the departmental images.
A	The Home Icon, helps the user to navigate to the home page.
English বाश्ला	Language selector allows the user to toggle between the available. The portal supports English and Bengali la
LOGIN	Clicking on this allows the user to login to the portal and avail the desired service
Helpdesk	The Helpdesk link re-directs the user to the Helpdesk information
	The Hamburger icon on the extreme left provides further alternative navigation options mentioned below :
	Login Services Schemes Contact Us
lcon / Link	Usage
	User can jump to the Login screen, browse for the available services, schemes and also jump to the Contact Us.
REGISTER	Users can Register themselves with the revamped eDistrict Portal by clicking the link and filling up the necessary details.
	Users can Check the details related to the Various live services by clicking the link and filling up the necessary details.

SCHEMES	Users can access the details related to the Various live schemes available by clicking the link and filling out the necessary details.
---------	--

# **1.3 Important Sections**

Other Important Sections present in the home screen are:

- Latest Updates : The Latest Updates section shows latest updates or the important changes which have been newly implemented vide the portal. It serves as a medium of imparting the latest communication to the target audience.
- e-District Mobile: eDistrict Mobile application details
- Welcome : Provides the basic introduction of what the portal is about.
- Notice : It is an archive of the latest Govt. Notices / Circulars.

# 5.0 Applying for Renewal of Fire Safety Certificate

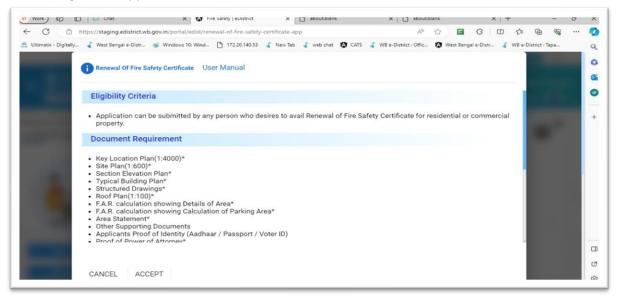

User needs to find the service as shown below.

#### User Manual for Application for Renewal of Fire Safety Certificate

#### FIGURE 9

The following screen appears when the user clicks on the Service Name.

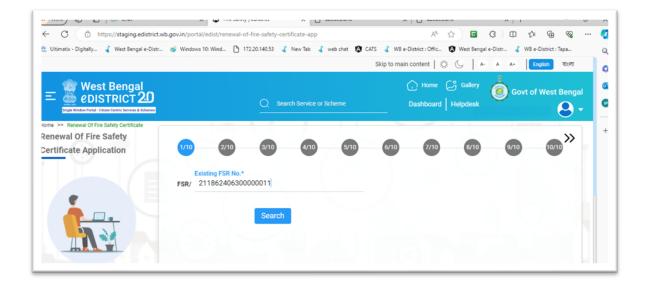

#### FIGURE 10

The user needs to click on the Accept button to proceed further. The following screen appears.

#### e-District 2.0 User Manual

#### User Manual for Application for Renewal of Fire Safety Certificate

#### FIGURE 11

The user needs to fill in the Existing FSR Number. It is a mandatory field and is denoted by red colored asterisk (\*) mark next to it.

## 5.1 Filling up the Application

The FSR details provided by the user are validated and in case a match is found, the user is allowed to proceed. In case the data provided by the user is not present in the WB eDistrict Database, an appropriate message is displayed. In case the Existing FSR Number is valid, the system retrieves the data. User (Applicant) can proceed with the application by clicking on **Save and Next. Necessary changes can be done during the application as per the service design.**
